SHIPPING AND AIRFIELDS AT ROMMEL'S ESCAPE PORT IN SOUTHERN SARDINIA BLASTED BY U. S. FORTRESSES

Attempt Launched To Wreck Enemy's "Dunkerque Fleet"

By ROGER GREENE
Associated Press War Editor

Allied headquarters disclosed today that an armada of nearly 100 U. S. Flying Fortresses, the largest single force of its type ever massed, has begun smashing at Axis ships off southern Sardinia in what appeared to be an attempt to wreck an enemy "Dunkerque fleet" for escape from Tunisia.

Dispatches said the great striking force of Fortresses, strongly escorted by fighters, attacked the Sardinian port of Cagliari yesterday, hitting five merchant ships and 21 smaller craft.

In addition, the Allied raiders destroyed or damaged 57 aircraft on the ground and shot down 14 Axis fighter planes in attacks on three Sardinian airdromes, it was announced.

All Allied planes returned from the mission, the communication said.

American Mitchell bombers, escorted by fighters, also blasted enemy ships in the Sicilian narrows, attacking a six-vessel convoy with these results: A large merchant ship sunk, another left burning and sinking, two others in flames, a large transport hit twice.

Six German fighters which attempted to intercept the Mitchells were shot down into the sea.

Meanwhile, Allied military quarters said British 8th Army troops had advanced 12 miles beyond newly-recaptured Oudref in southern Tunisia, on the coastal highway to Sfax, and were skirmishing with Axis rearguards dug-in well above the Gabes bottleneck.

The wording of a United Nations communication suggested that Field Marshal Erwin Rommel might be attempting a new stand after four days of retreat from the Mareth Line.

In the north, the British 1st Army was reported making "good progress" in its four-day-old offensive toward the big naval base at Bizerte, with vanguards less than 34 miles away.

JAP ATTACKS ARE CRUSHED BY CHINESE

Chiang Kai-Shek's Armies Repulse Numerous Onslaughts and Launch 17 of Their Own

SITUATION STABILIZED

BULLETIN
Washington, April 1—(P)—American bombers and fighters raided Japanese positions on Kiska island in the Aleutians twice Tuesday and attacked Attu Island once, the navy reported today. One bomber was lost to anti-aircraft fire.

By the Associated Press
Generalissimo Chiang Kai-Shek's Chinese armies have crushed a series of 17 Japanese attacks and launched 17 of their own during the past week, a Chinese spokesman said today, while on other Pacific fronts the Allies struck at the Japanese by air from Burma to the South Sea.

The Chinese spokesman's report indicated that Japan was making little headway in her new all-out offensive to knock China out of the war.

An official summary declared that the situation in southern Hubei, in central China, where the Japanese have been attacking in an eight-column drive, had been "very much stabilized and improved" since last week.

Far to the west, at China's back door along the Yunnan-Burma frontier, severe fighting was reported in progress as the Japanese attempted to capture the town of Talo south of the Burma road.

London Claims Axis Invasion Jitters Are On the Increase

London, April 1—(P)—Signs of increasing Axis invasion jitters in the Balkan frontier to the eastward were reported today by a roundabout report that Allied parachute troops had established a base in the Norwegian mountains and had sallied out in raids on Nazi-controlled territories.

The Norwegian government-in-exile here, commenting upon the report, declared that "Quisling and the Germans appear to be greatly alarmed" but said it could give any confirmation.

The story came to London in Stockholm dispatches which said

May Have to Look at Shiny Nosed Women

Washington, April 1—(P)—Shiny-nosed women and shaggy-haired men?

Well, said Secretary Joseph Byrne of the Beauty and Barber Supply Institute to the senate banking committee today, that's what the country may come to if beauty and barber shops can not get the supplies they need.

Testifying in support of a bill to establish an Office of Civilian Supply separate from the War Production Board, Byrne said:

"It will not benefit the home front to reduce the attractiveness of the American woman. It may dull the enthusiasm of the soldier home on leave."

Fate of Anti-Sabotage Bill Is Uncertain

Running Debate Develops Over Adoption of Amendment

IS BACK IN THE HOUSE

Washington, April 1—(P)—Frank Walker, Democratic national chairman, said today it was too early to discuss presidential candidates but that he would like to see an agreement between the two major parties for late national conventions and a short 1944 campaign.

By WILLIAM F. AREGAST
Washington, April 1—(P)—With an uncertain fate awaiting it, a "death penalty" anti-sabotage bill confronted a generally suspicious house again today for the third time in less than two weeks.

A full day of debate last week and another yesterday resulted in adoption of a solitary amendment and developed a running debate between the veteran Representative Martin Dies of Texas and freshman Will Rogers, Jr., of California, both Democrats.

Chairman Sumners (D-Tex.) of the judiciary committee which recommended passage of the bill at the request of the justice department was not certain the measure would be brought up again today, but Majority Leader McCormack of Massachusetts said it would be if a war department civil functions appropriation bill is disposed of without too much argument.

"In all my long years in the house," commented Sumners, "I have never seen a bill to which there was as little objection, but around which there centered so much suspicion."

His defence, he said, was to fears expressed by many members (Turn to Page Eleven)

SURPLUS COMMODITIES TO BE DISCONTINUED

Pittsburgh, April 1—(P)—William M. Walsh, district supervisor of the department of agriculture's food distribution administration, announced today the discontinuance of distribution of government-owned surplus commodities to civilians.

Government donations of food for school children's lunches will halt April 30, he added. In their place, the government will institute a subsidy plan whereby sponsors of school eating places will receive seven cents daily for each child's noon lunch.

Miners Reach No Conclusion

New York, April 1—(P)—Secretary of Labor Frances Perkins expressed hope that a coal wage agreement can be worked out "within the framework of the stabilization program" today confronting United Mine Workers representatives and bituminous operators engaged in wage negotiations.

The current contract covering 450,000 soft coal miners expired last midnight, but the miners have concluded agreements with both northern and southern producers to extend negotiations for 30 days on a retroactive basis.

This extension removed the threat of a strike today as John L. Lewis had warned the UMW wouldn't work without a contract.

Both the northern and southern groups held morning conferences today. When they recessed at noon for lunch, spokesmen for the northern negotiators said they had discussed various demands, and the southern spokesmen said they had reached no conclusions.

LONGER WORK WEEK ORDER IS IN EFFECT

Survey Shows a General Compliance With Recent Regulation Issued By the President

IN THIRTY-TWO AREAS

By the Associated Press
Washington, April 1—The 48-hour work week went into effect in 32 labor-short areas today and a survey of affected cities indicated these general results:

1. Compliance, as described by area directors of the War Manpower Commission, was "good" to "100 per cent," and employers are cooperating.

2. No cases of open defiance had been reported to the WMC.

3. Requests for exemptions were comparatively few, and came principally from concerns with a small number of employees.

4. Few workers will be released for other jobs, largely because virtually all war plants and many other concerns in the affected areas already had gone to a 48-hour week, but employers' demands for additional workers will be eased.

The area directors' report bore out predictions by National WMC officials, but do not necessarily mean the novel presidential order is getting perfect results because:

1. Employers adopting the 48-hour schedule are not required to report, and it is too early to determine whether silence means compliance, evasion, or unspoken defiance.

2. Not all requests for exemptions are in yet, since the deadline for mailing such requests did not pass until last midnight. Submission of these requests constitutes compliance until they are ruled upon.

The order, which affects lumber and non-ferrous metals mines throughout the nation as well as business and industry in the 32 areas, is one of three manpower actions carrying April 1 deadlines.

1. Draft boards to begin reclassifying men in non-deferable occupations as available for immediate induction, regardless of whether (Turn to Page Eleven)

Retail Prices On Meats Are Polished Off

Washington, April 1—(P)—The Office of Price Administration today polished up new standardized retail prices for beef, veal, lamb and mutton, which along with rationing, are expected by officials to iron out many of the kinks in the meat distribution machinery.

These price rules, which probably will be released Monday, will be similar to the standardized retail pork prices that go into effect today, although they probably will not be effective until about April 15.

As in the case of today's pork prices, the new rules on beef, veal, lamb and mutton will set up two prices, one for small independent stores and the other for large independents and chains, in each of 11 zones into which the country has been divided. The two prices probably will be a cent to a few cents apart, with the small stores permitted to charge the higher prices because of higher relative operating costs.

This will do away with the confusion over meat prices which officials believe has done much to make possible widespread "black markets" in meat.

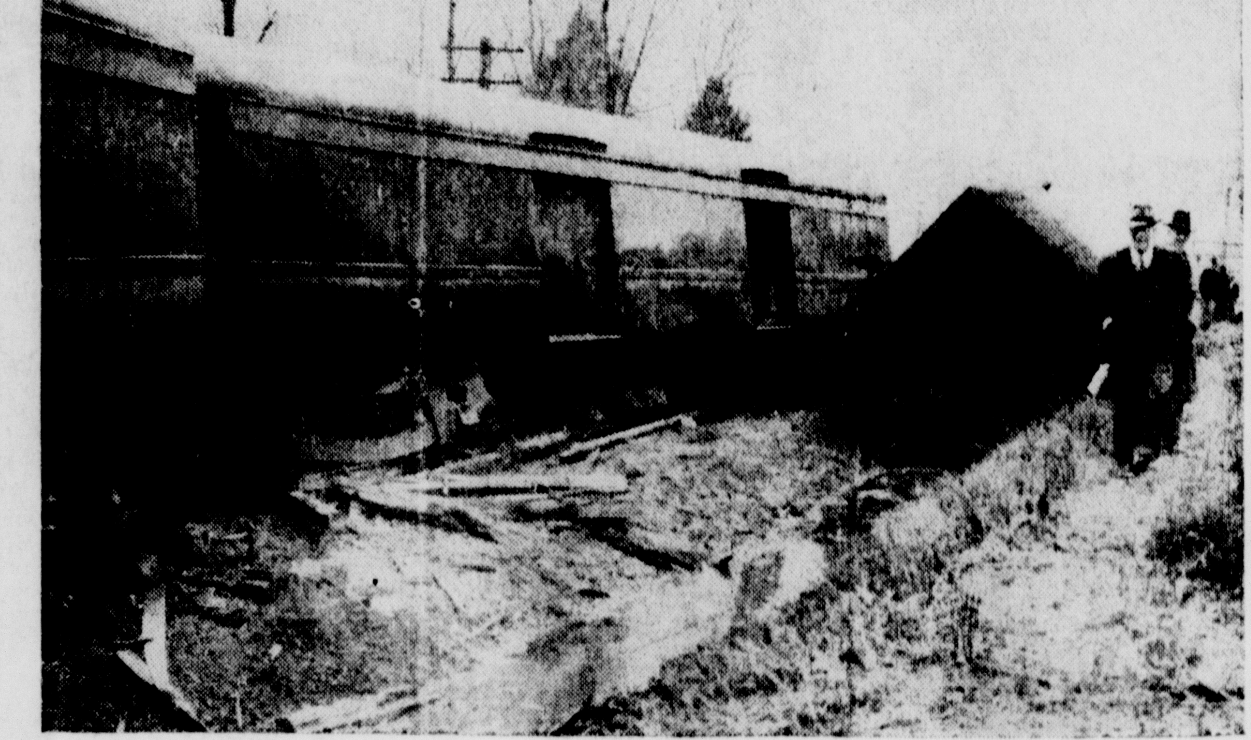

Today's pork prices provide samples of the new system. In the Boston-New York-Philadelphia-Washington zone, for example, the top price on smoked whole hams is 41 cents a pound in small stores and 39 cents elsewhere.

FOUR TOWNS MAY BE GIVEN MORE GASOLINE

Washington, April 1—(P)—Sharon, Farrell, Wheatland and Sharpville, Pa., would be removed and placed in District 2 of the seaboard rationing where gasoline coupons are worth four gallons if Price Administrator Prentiss M. Brown acts favorably on a recommendation made by deputy Petroleum Administrator Ralph K. Davies.

The communities, situated near the Ohio border, asked to be removed from the seaboard zone because Ohio residents working in the towns' industries are able to get four gallons of gasoline per coupon, while Pennsylvania employees get only three gallons for each coupon.

Beamish Says GOP Angles for Support In Next Step Up To Governor

P. U. C. Commissioner Challenges Executive to Put Him Out

FIGHT GOING TO COURT

Harrisburg, April 1—(P)—Richard J. Beamish today defied a new law ousting him as public utility commissioner, putting squarely on the table a controversy over his \$10,000 post.

The 73-year-old Democrat said he would continue reporting for work as usual, declaring "I am still a commissioner and I intend to go right along as a commissioner until I am officially stopped."

Governor Martin said he would "have to decide" today what to do. Asked at a press conference if he planned to use state police to keep Beamish away from the PUC office, Martin replied "No." PUC Commission Chairman John Siggins had no comment.

"I don't anticipate any rough stuff and I am not planning any on my own," declared Beamish, insisting "there is an orderly, legal way in which this difference of opinion can be decided."

The former newspaperman, author and attorney's term expired last midnight. His commission provides he serve until a successor is appointed and duly qualified.

Martin nominated Dr. Frank Parker, professor at the University of Pennsylvania, for the post but withdrew the name due to Democratic objections. He has not submitted another name.

The Republican-controlled legislature pushed through a bill limiting the term of a utility commissioner to the specific period for which he is appointed. Martin signed the measure yesterday.

Beamish challenged constitutionality of the act, declaring both federal and state constitutions provide the legislature has no power to make legislation which will impair obligations of contracts. He said the fight would be taken to the courts.

He claimed there is a precedent for his continuing in office until the controversy is settled, pointing to the case of the late Governor (Turn to Page Eleven)

Boy Ready to Pay Penalty

Los Angeles, April 1—(P)—Raymond Latshaw, 19-year-old farm youth charged with slaying five members of his family on his ranch near Loomis, Calif., last Feb. 11, says he is ready to face the consequences, Det. Lieut. Lloyd Hurst asserts.

Latshaw, in custody of Sheriff Charles Silva, left last night for Placer county.

Before their departure, Hurst quoted Latshaw as saying: "I want to get this over with as soon as possible."

"You realize this state can send someone your age to the gas chamber, don't you?" Hurst asked him.

"I don't care what the consequences are," Hurst said Latshaw answered. "I want to get it over with."

The youth, charged with shooting his parents, grandparents and younger brother, was arrested Tuesday at a theater where he was employed as a doorman.

SOVIETS HURL BACK SERIES OF ASSAULTS

Reds Overcome Difficulties To Increase Tempo of Drive Despite Bad Weather

CONSOLIDATING GAINS

By EDDY GILMORE
Moscow, April 1—(P)—Overcoming the worst kinds of transportation difficulties, the Red army struggled today to increase the tempo of its offensives despite the bad weather.

In the Kuban valley of the western Caucasus, the Soviet troops drove on from Anastasevskaya, one of the Germans' last good-sized bases on the eastern side of the Kerch Strait. The Soviet midnight communiqué announced its capture yesterday. The strait is but 42 miles from the town.

There was evidence along other sectors that the Russians, by their great effort at quick consolidation of their gains, were beginning to give the Germans fresh worries. The Nazi commanders had been confident that mud and slush resulting from the spring thaw would halt all operations. Now they were beginning to wonder if their wishes would come true.

(The German communiqué said today that the Germans had repulsed Russian attacks at the Kuban bridgehead and that only local engagements were being fought in other sectors of the eastern front.)

The midday communiqué said that on the western front, after artillery duels, the Russians cleared the Germans from some positions, although there was no material change in this front before Smolensk.

The Germans threw numerous sharp counterattacks at the Soviet troops but gained no objectives, it was said. The Germans now were reported fighting from a good depth of defenses where they were well-armed and fully-manned, and boasting superior numbers in some sectors.

There was some evidence that they were piling in reserves as they strained every effort to halt the Russian advance toward Smolensk.

The Red army had to use roads across the marshlands because the Germans had wrecked the railway as they moved back. The Germans, on the other hand, still had (Turn to Page Eleven)

BUT TWO PER CENT PAY INCOME TAXES IN FULL

Pittsburgh, April 1—(P)—Stanley Granger, district internal revenue collector, reported today the 64 revenue offices in western Pennsylvania received \$190,110,806.52 in income taxes during March, an increase of \$76,167,217.85 over returns in March of 1942.

Granger said only about two per cent of the payments were in full compared with 60 per cent full payments made in March of last year. Bank deposits in March two years ago were \$45,346,246.

Fund Sought To Improve Institutions

Harrisburg, April 1—(P)—Legislative approval of a \$8,357,000 improvement program to be carried out at commonwealth institutions was asked today by the state administration.

This is new legislation and we will have to find the money somewhere," declared Rep. Lloyd H. Wood (R-Montgomery) who introduced the bill at the request of Welfare Secretary S. M. R. O'Hara.

The bill "will be like any other. There has to be a companion bill to take care of financing it," Governor Martin commented at a press conference.

Wood said that many institution buildings now are "fire hazards."

"The program provides for work at most of the institutions in the commonwealth including the Warren State Hospital at North Warren."

Other improvements were proposed at the Morgantown training school, Muncy Industrial Home for Women, Pennhurst State School and Selinsgrove State Colony for Epileptics.

Wood's bill provides for preparation of plans and specifications for constructing new buildings, purchase of needed equipment and improvements to overcome hazardous conditions now existing at the institutions.

Crossett Company Truck Hit
By Penna. Train at Centerville

Oil City, April 1.—Fire coupled with a grade crossing accident at Centerville about 1:30 p. m. Wednesday badly damaged two tank trucking units and put the locomotive of the Pennsylvania south-bound Buffalo-Pittsburgh time freight out of commission, but the engine crew and the two drivers involved escaped without injuries or burns.

According to rail officials a tractor unit belonging to Clare M. Marshall, Inc., of Rouseville, was headed north on Route 8 and had stopped about 20 feet from the railroad crossing just south of Centerville. The motor of the unit stalled and Roy L. Nellis of Rouseville, the driver, was unable to get it started again.

The Marshall tractor was still at the crossing when a tank wagon unit owned by William F. Crossett, Inc., of Warren, and driven by Harry Hilt of 142 West Central Ave., Titusville, arrived on the scene and an offer of help was made. It was reported that the truck driven by Hilt was loaded with a cleaning solvent.

The second tanker unit was swung in front of the Marshall machine in order to attach a tow line and as a result was standing on the crossing and was in that position when the freight train approached apparently unnoticed by either of the drivers.

The engine crew saw the tanker on the crossing and made an effort to halt the train of about 70 cars and had almost succeeded when the crash occurred. Seeing there was going to be a collision, the crew consisting of N. A. Steele, engineer, C. E. Brightman, fireman, and a brakeman, H. L. McMullen, who was riding in the brakeman's cab on the engine jumped to safety.

The rail officials say that when the impact came the fuel tank of the tanker burst and ignited and in turn set fire to the cab of the locomotive and practically consumed it, and the two machines were also enveloped in flames which damaged both extensively. The collision and fire wrecked the compressed air braking equipment of the locomotive, and an engine was sent from Oil City to bring the train in.

Neither of the two truck drivers were in the cabs at the time the collision occurred and both escaped without hurt.

Trucks from the Centerville and Titusville fire departments made runs to the scene. Officials of the Marshall company stated last night that although the tractor unit was damaged considerably, it is not a total loss. Tires, ignition and upholstery of both machines were lost in the blaze that followed the crash. The Crossett truck it is thought can also be repaired.

WILL STOP ALLOCATIONS

W. H. Walsh, supervisor of western Pennsylvania, has announced that the Food Distribution Administration will discontinue on April 30 its program of distributing government-owned foods to school lunch programs, and on June 30 will cease to allocate foods directly for relief clients. Mr. Walsh indicated that the move was necessitated by the great changes in our food supply pattern brought about by the war.

BARN WAS BURNED

Fire fighters of the Department of Forests and Waters office here were notified last evening between 6 and 7 o'clock that a grass fire had broken out on the old Titusville Fair Grounds and that a large barn on the property had been destroyed in the flames. The barn had been used during races held on the grounds. The Titusville Fire Department was called but as no one wished to make the \$25.00 guaranteed for the firemen to respond no Titusville aid was given. This was the only fire reported to the office of forests and waters yesterday.

SAVING FOR LOCALS

Announcement in a Philadelphia daily of price schedules for Christmas trees in that city calls to mind the considerable saving that is effected by local youngsters through having the Community Council PTA sponsor such productions. Season tickets for three plays in Warren are priced at \$1.10, tax included, while single admissions in Philadelphia call for 50c, \$1.10, \$1.65 and \$2.20. The play is "The Captive Maid of Old Carlisle," shown here several seasons ago. In the cast is Gertrude Ogden, of Erie, whose mother, Mrs. Margaret Osgood, first introduced the Children's Theatre in Warren and is well known in town.

URGES TREE PLANTING

Measures to prevent soil erosion are especially timely during wartime, when farm land is worked more intensively, and farmers are urged to plant trees where practicable, according to W. L. Armistage, chairman of the Warren County Agricultural Conservation Committee. The trees are being offered through the Agricultural Conservation Program. To cover county administrative expenses, there is a charge to the farmer of 20 cents per thousand for seedlings and 60 cents per thousand for transplants, freight prepaid. It is under this program be planted at recommended rate of 1,000 trees per acre, approximately 8 1/2 feet apart. Because the trees are supplied by a state forestry nursery, it is required that they shall not be used as Christmas trees or wind breaks.

FISH ARE BITING

Sucker fishing has swung into high gear with the sunshine of the past few days. The balmy air has brought out the fishermen both young and old and along the river and creek many are enjoying the sucker fishing. Old timers contend that the sucker is a superb fish but is handicapped by its name. The long, thin bones in the sucker are not as bad as they are painted. Just before the fish is cooked it is practical to score the fish with a sharp knife cutting lengthwise through the bones. This scoring makes them less dangerous. Sucker suckers are good, too, according to the old timers. The fish are cleaned, soaked in brine for ten days and then smoked two days in a smudge of apple wood. But the men and boys now fishing for the finny fellow seldom have any surplus on hand to smoke.

Hollywood Gossip

By ROBBIN COONS

HOLLYWOOD—The fan who sees more Fred Astaire dance routines than any other is Fred Astaire. This is not vanity. Before Fred makes a picture, he gets out all his old routines and studies them to avoid repeating himself. In his 16 films in 10 years, he has not yet been guilty of so doing.

Ten years of success in Hollywood make an actor practically an institution, and Astaire is that. He is without doubt the most agile and active star of his age in pictures. Some theater guides list his birthday as May 10, 1900. He says the year was 1899.

He has been on screen or stage for 38 years beginning with his sister Adele in vaudeville when he was five. He was born in Omaha, Neb., and his real name was Austerlitz. They changed it to Astaire because Austerlitz sounded "too much like a battle."

FRED thinks he began worrying—which has since become his favorite diversion—when he was 12 and a Jersey City theater manager let it be known that Adele had talent but "the boy" wasn't so hot. That puzzled Fred, who not only danced and sang but played the piano in the act. He kept on, however.

Sister Adele was Fred's partner longer than any of her nine successors. She left him in 1939 to marry Lord Charles Cavendish,

son of the Duke of Devonshire. Successors: Claire Luce (not the Congresswoman), Joan Crawford, Ginger Rogers, Joan Fontaine, Eleanor Powell, Paulette Goddard, Marjorie Reynolds, Joan Leslie.

Fred saw Joan Leslie dancing and talked to her studio, Warner Bros., about a picture with her. Maybe that gave them an idea—they put her in "Yankee Doodle Dandy" and Fred had to wait months for her. But it took him less than a week to teach her the new routines for "Limit."

HE LOOKS taller than his five feet ten, no stouter than his 140 pounds. His shoes—size 7—are custom-made and last for years because he has a large collection both for dancing and ordinary wear. One pair recently brought \$116,000 at auction—on a bond-selling tour.

Astaire, by virtue of composing several hit tunes, is a member of ASCAP. Among his works: "Tm Building Up to a Big Letdown," "Like Taking Candy from a Baby." He is proud of the checks ASCAP sends him now and then. He likes "rhythm music"—things he can dance to. His name for the classical type is "water music."

Fred likes, in addition to gin rummy and golf, well-tailored clothes and bright neckties. He also likes small cars, practical jokes, and doing impersonations of Jimmy Cagney—and of Shirley Temple.

Scout Troop Is Given Charter By Seymour

Presentation of the troop charter and the awarding of the rank of Eagle Scout to Donald White were featured at the meeting of the Married Couples Club of the First Presbyterian church held Tuesday night. The program included an investiture ceremony for two new Scouts, presentation of badges and certificates for the several members of the troop who had completed advancements and humorous readings by Mrs. Violet Borg.

John R. McLaughlin, acting president, accepted the charter on behalf of the Married Couples Club and pledged the support of the group in the activities and the program of the troop. In making the charter presentation, Chester R. Seymour, the Scout executive, explained to the group some of the basic principles of the Scouting movement indicating that it was a program that found its expression through the churches and schools who desire to use it in connection with their boys work program. He explained the organization of the troop committee and its various officers and indicated that the Warren County Council existed for the purpose of counseling, guiding and advising the leaders of the various institutions as they embraced the program of Scouting for work with their own boys.

The members of the troop committee were called to the center of the meeting room and were presented their membership cards by Mr. McLaughlin. Members of the troop committee are as follows: B. H. White, chairman; Jasper R. Shepard, Arthur Jackson, B. W. Knapp, G. W. McFarland, W. M. Hill, C. C. Winans, Stanley C. Korb, H. S. Hampson, R. L. Woodruff, Ralph Rapp, Frank J. Waller, Clayton M. Bannon and Wm. P. Taylor. Robert N. Jewell, Scoutmaster; Richard Moll and Laverne Nelson, assistant Scoutmasters.

Following an impressive investiture service, Richard Swick and Rudolph Ahlgren were presented with their Tenderfoot insignia by Jasper Shepard who was acting as Scoutmaster.

R. W. Knapp, the advancement man on the troop committee, presented about fifteen merit badge certificates to Scouts who had earned them and then recognized the following Scouts for their having recently completed a rank in Scouting: Richard Betts, second class; Robert Swick, first class; Joseph Waller, William Clinger, Lyle Rapp and Robert Jewell, star; Thomas Hampson and Leland Daye, life.

The highlight of the evening was the creating of an Eagle Scout rank which was conferred on Donald White by H. L. Blair, chairman of the Scout Advancement Committee of the Warren County Council. Both Mr. and Mrs. B. H. White participated in this part of the ceremony. Mrs. White pinned the Eagle Scout badge upon her son. He further received a certificate from the local council and a letter addressed to him by Dr. James E. West, retiring chief Scout executive, of the national council.

Humorous readings "Olga at the Ball Game" and "The Back Seat Driver" were given by Mrs. Violet Borg, meeting with hearty laughter and applause by the group.

To conclude their part of the evening's program the Scouts of the troop prepared a first aid demonstration which demonstrated some of the practical aspects of knowing how to use the signal flag, knot-tying, treatment of the injured and transportation of injured persons.

Following the official adjournment of the meeting the group was served refreshments.

Chairman Named For The Ladies' Division

The appointment of Mrs. E. G. Hamilton to serve as chairman of the Ladies' Division of the War Savings Committee was announced today. Mrs. Hamilton will also be a member of the April Victory Drive organization. In connection with these assignments she recently attended a regional meeting in Oil City of all workers in this district. At this meeting plans were discussed which it is hoped, will result in the successful attainment of April goals.

DONATION BY CLUB

The Warren High School Dramatic Club has donated to the Red Cross War Fund, for home and foreign use, the sum of \$54, one-half of the net proceeds from its annual Evening of Plays.

INSTRUCTORS' GROUP

Speaker for the first aid instructors' meeting at eight o'clock Friday evening in the YVCA activity building will be Private Leslie G. Fobes, of the Pennsylvania Motor Police, whose topic will be "First Aid in Highway Accidents." A large attendance is asked.

STREETS GROW CLEANER

With the passing of the snow and ice from off the streets Commissioner Edward Back has had the street sweeper at work almost every night. As a consequence the streets are becoming cleaner. Most of the winter's accumulation of cinders has been removed although in some places cinders still are to be seen. It will take several sweepings to wholly remove the marks of the many applications of cinders to slippery streets.

APRIL FOOL LOWDOWN

Today is April Fool's Day and, as everybody knows by now, there's no fool's day like an old fool's day. And April Fool's Day is old—so old, in fact, that historians are unable to tell when it actually began.

An NEA Service feature writer declares that some say it is derived from the Holi feast among the Hindus, held on March 31, when glib members of the tribe were sent on foolish errands. Others trace it to the ancient Romans, who are reputed to have spent the day in pursuit of Sabine women.

Whatever its origin, April Fool's Day was widely celebrated for centuries throughout Europe. In France, the oaf who was sent to the bookstore for the "History of Eve's Grandmother," was called a "Poisson d'avril," or April Fish—sucker to you. April Fool's pranks in Scotland were known as hunting the gowk—or cuckoo—and the fools of the moment were consequently or, if you prefer, cuckoo.

Fools in England were sent on "sleeveless errands"—maybe because they had to make the "vest" of an awkward situation.

"A REAL CONTRIBUTION"

Walter S. Gifford, in addition to being president of American Telephone and Telegraph, is national chairman of the Red Cross \$125,000,000 war fund. It can readily be seen that Mr. Gifford doesn't have much time to waste words.

However, Mr. Gifford did take time the other day to speak to groups of motion picture theater men in 30-odd cities across the nation, via trans-continental telephone hook-up. Approximately 15,000 theaters, as you probably know, will act as shock troops in the Red Cross campaign. They will wind-up the drive. From April 1 to 7, inclusive, the theaters will attempt to remedy any defection from the national quota that may exist.

Though there is no more worthy organization than the Red Cross, \$125,000,000, as someone pointed out, "ain't hay."

The movie theaters, and their patrons will, as in the past, do their share. Mr. Gifford said: "Moving picture week should add millions of givers to the campaign. It will provide an opportunity for those who would otherwise not have the opportunity, to respond to the appeal of the American Red Cross."

Mr. Gifford also praised the work of the War Activities committee, of the motion picture industry, of which George C. Sarvis, of this city, is chairman for Warren county. The committee has done excellent work in other campaigns for the Red Cross and the government in the sale of War Stamps and Bonds, and there is every reason to believe that it will go over the top for the present Red Cross appeal.

KITCHEN FATS

The nation's housewives still are falling down on one of their most important and yet easiest contributions to the war. They were turning in—even before meat rationing—scarcely a third of the kitchen fat needed for making explosives and for other equally vital military and naval purposes.

Close to 17,000,000 pounds a month—about two ounces a person—is needed. Housewives have been producing less than 6,000,000 pounds—around three-fourths of an ounce a person. That is not enough.

Watch those bonfires. It costs plenty to have the fire department respond to an alarm.

A busy time is anticipated around the high school tomorrow when boys will report to take the army and navy qualifying tests.

Now watch the lawns turn green!

LENTEN SERMONETTE

REV. ARTHUR J. LEON,
St. Joseph's Church, Warren

For more than a year now we have lived in the shadow of the world at war. Millions of our brothers are in arms, and fear of the future hangs like a cloud over our hearts. It would not only be idle, it would be foolishness itself, to preach that all is well. Conditions were never worse at least within the memory of men now living.

And sadly, at the very moment when the world most needs Jesus Christ, it has turned from him. He warned of wars and rumors of wars, and warned of them beforehand in order that "in me you may have peace. In the world you shall have distress; but have confidence in me. I have overcome the world."

The world in its tribulation and afflictions can find strength and peace only in a return to Jesus Christ. He alone can help us. He alone will make issue with the evil day. If his tender care is lavished on the birds of the air, and the lilies of the fields, He will assuredly care for us. No one on earth can care for us, no one can help us, but our omnipotent God cares always.

Rendezvous

What It Means

By JOHN GROVER

FLOP of the legislative year, in the privately-expressed opinions of most Congressmen, was the tax program reported out by a majority of the House Ways and Means Committee.

There's wide concurrence in Minority Leader Joe Martin's summary dismissal of the plan as a "monstrosity." Observers on Capitol Hill believe that the ways and means group program will be carved beyond recognition when it hits the floor.

About the only feature of the proposal that seems likely to win approval is the withholding tax. It's generally agreed, on both sides of the aisle, that the withholding tax is inevitable, and in the long run evokes least squawk from taxpayers. Congressional mail is full of approval of the withholding feature. The people generally agree it's easier to pay out of each pay check than to dig up a handful of folding money on quarterly income tax installment days.

Substitute Plans

Two substitute proposals, both embodying "forgiveness" of 1932 income tax obligations, are accorded the best chances for enactment. One is offered by Rep. Robertson (D-Va.) and the other is the brain-child of Rep. Carlson (R-Kan.).

Robertson's plan would forgive the six per cent normal tax and 13 per cent surtax on 1942 incomes. The surtaxes on upper bracket incomes (above \$2,000 net) would not be forgiven, thereby "catching" the high-income group.

Payments already made on 1942 income taxes would be automatically credited against 1943 income taxes, under Robertson's proposal. Beginning July 1, withholding of payments from each paycheck would be instituted.

The Carlson Plan

Carlson's proposal is slightly more complicated. If the 1942 income exceeded \$20,000, and is higher than the '43 income, taxes

would be paid on the higher income. If either the 1942 or 1943 incomes exceeded the 1941 income by more than \$50,000, a special anti-windfall tax would be imposed on the augmented income.

The majority defense of the Ways and Means Committee bill failed to evoke any response in the House, in the opinion of veteran press gallery observers. The plea that the Ruml plan for tax forgiveness would result in loss of federal revenue was exploded in committee hearings. Further, the popularity of a program which would put all income taxpayers on a current basis has influenced not a few senators on the Democratic side of the House.

Robertson Plan Simpler

Of the two substitute proposals, the Robertson measure is expected to have the better chance of passage. It is simpler, and in the current Congressional trend a measure that can be understood readily is certain to draw more water than a more complex measure. The reaction against government questionnaires and involved reports has made a deep impression on the present Congress.

Another point in favor of the Robertson plan is that it was introduced by a Democrat. The majority report of the Ways and Means Committee was generally recognized to be thoroughly unpopular politically. If a determined fight was made to pass the measure as it emerged from committee, it is the consensus that a number of Democrats with political savvy would have deserted to the solid Republican platform.

The Robertson plan would take away any attempt of the Republican minority to claim entire credit for passing a popular tax act. The two substitute bills are for all practical purposes identical in penalizing excessive incomes, and in retaining the popular features of the Ruml plan.

With that in mind, the consensus of top flight opinion on the hill is that the Democrats who cannot accept the Ways and Means Committee measure will muster enough strength to pass some form of the Robertson substitute.

Stamp News

ALTHOUGH there is no government ban on trading in stamps of Spain or Finland, as there is concerning stamps of the Axis powers, few new issues for Spain or Finland turn up in the United States, for obvious reasons.

One of these rarities is a postal tax stamp issued by Spain, a large oblong with value of 10 cents, now necessary on every letter mailed in Spain. As a collector's item it has an honest value of about two cents, but the law of supply and demand might make quite a difference. Proceeds of the stamp sale go to the nation's fund for combating tuberculosis. The design shows two doves, and the stamp is in dull salmon with the familiar anti-tuberculosis cross superimposed in rose.

STILL another war-size South African stamp, a one-shilling brown, is reported by J. & H. Stolow, New York wholesalers. The design shows two army tanks. These stamps are oblongs, about one-half inch by one inch, and are rouletted in up-and-down pairs. Lettering is in both English and Afrikaans.

AN INTERESTING new series of Peruvian stamps is reported by Scott Stamp & Coin Co. There are 12 values of varying designs, both oblongs and verticals. Unfortunately the lettering is difficult to read on many of the stamps. Values are: Two-cent crimson, picturing Francisco Pizarro and Francisco de Orellana; 50-c blue-green, same as 15; 10-c yellow-brown, Pizarro; 15-c map of Amazon in violet-blue; 20-c, Pizarro (pictured here) in yellow-olive; 25-c dull orange, scene showing discovery of the Amazon; 30-c deep magenta, Orellana; 50-c blue-green, same as 15; 70-c violet, same as 2; 80-c light blue, same as 20; 1-sol chocolate, same as 25, and 5-sol black, same as 10.

THE new religious-subject verticals issued by Haiti now are obtainable in sheets both perforate and imperforate, Stolow also reports. The 10 and 50 centimes are paired, the 25 and 60 are paired, and the 1.25 gourdes appears singly. Uruguay has issued the Artigas five centesimos stamp, formerly olive green, in a new dull purple.

SEVEN THOUSAND WAVES and SPARS, the women's branches of the Navy and Coast guard, are now in uniform throughout the United States. The majority are in various training schools, but some will be on the job. Each enlistment releases another man from shore duty to fight at sea.

If you've been worried about remembering what foods you can get with your blue stamps . . . and what items you can get with your red stamps, ease your mind. For when you shop at A&P, the RED NUMBERS on the ration point tags displayed with rationed foods tell that these items can be "bought" with RED \$. . . The BLUE NUMBERS on the tags with rationed foods tell you that the you are required to "spend" are BLUE. All there is to it . . . Red numbers mean blue stamps, blue numbers mean blue stamps.

The Shirt Off Pop's Back Makes Cute Blouse for Mom

Of course Mom won't steal the shirt off Pop's back, but she'll be tempted to when she learns that the pretty ruffled blouse pictured at right was made out of a man's cast-off shirt. Men's shirts usually wear out first on the collars and cuffs, leaving yards of perfectly good material that, in the good old days of our national wastefulness, were frequently tossed aside. But every week is Thrift Week in the U. S. A. nowadays.

Evelyn Hilburn Wed To Ensign in Georgia

Mr. and Mrs. L. M. Hilburn, 2016 Pennsylvania avenue, east, announce the marriage of their daughter, Evelyn, to Ensign Charles W. Pierce, stationed at the Savannah, Ga., naval base and son of Mr. and Mrs. C. L. Pierce, of Meadville.

The ceremony was performed at four o'clock Friday afternoon, March 26, in Independent Presbyterian church in Savannah by Rev. Painhill.

The bride was attired in a suit of white wool, with blue accessories and a corsage of violets.

The Pierses will reside in Savannah for the present. Mrs. Pierce, graduate of Warren High School, has been employed by the highway department at Franklin. Ensign Pierce is a graduate of Allegheny College at Meadville.

MISSIONARY MEETING
The Women's Missionary Society of the First Evangelical church will meet in the Folkman parlors at 7:30 this evening for a devotional period, lesson by Mrs. Lottie Northrop and a social time, with refreshments served by Mrs. Cleo Adolphson, Mrs. Mary Hilburn and Miss Jean Gray. All members and friends are cordially invited.

Personal Paragraphs

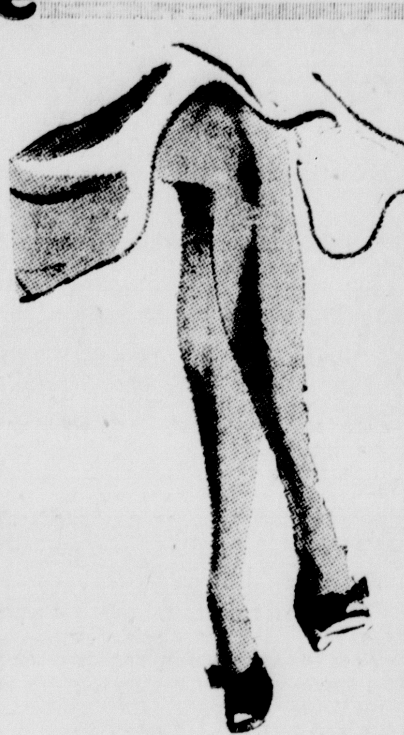

John Evans, of Pittsburgh, representative of the Pittsburgh Brewing Company, spent last night in the city. He uses his Piper Club plane in making his business trip and he landed at the Warren Airport. Mr. Evans flies his own plane and also has a seaplane which he expects to fly here soon. He is Commander of the Civil Air Patrol, of Pittsburgh. He took off for home today at noon.

Reports from the hospital today are that Herbert Lee Lehman, of Tionesta was discharged from the hospital yesterday. Lehman with Arthur Brill, of Franklin was hurt in the explosion on the barge of the Osborne Company here some days ago. Brill had one foot amputated and is resting comfortably.

Mrs. R. L. Gerould, 112 Redwood street, has just returned from Blytheville, Ark., where she attended the graduation of her son, Gordon, and saw him receive his

Crop Loan Agent to Be In County

I. J. Nealon of the crop loan office will be in Warren county on Monday and Tuesday, April 5th and 6th taking applications from all farmers needing a loan to carry on their farming operations this year. The farmers are asked to raise extra acres of essential food crops this year, more beef, hogs, sheep, and poultry, more eggs, milk, cheese, and all vegetable crops.

The crop loan office is cooperating by making loans to any farmer needing a loan to do his farming. These loans are at the low interest rate of 4%, and are to be repaid when the farmer sells his crops or stock in the winter.

Mr. Nealon will be in the following places on Monday, April 5, 1943:

Grand Valley, Post Office, 1:00 p. m.
Torpedo, Post Office, 2:00 p. m.
Spring Creek, Post Office, 3:30 p. m.
Tuesday, April 6, 1943:
Sugar Grove, Post Office, 9:00 a. m.
Russell, Post Office, 10:30 a. m.
Warren, Court House, 1:00 p. m.
All farmers are asked to cooperate by coming in and making application.

YOUNGVILLE NEWS

Youngville, March 31—An invitation is extended to the Lenten Tea to be held at 2:30 p. m. in the Saron Lutheran church. An interesting program of music and readings has been prepared. Friends from Warren will assist in some of the program features. There will be a luncheon served in the new basement which has been constructed recently within the effort by the church people and now furnishes some attractive rooms for meetings of various kinds.

AMERICAN LEGION NEWS

The Hallgren-Wilcox American Legion Post No. 658 has now a large increase of membership. They believe they have the distinction of being the first American Legion Post in Warren County to enroll a veteran of World War Two. The Post Adjutant states, "We have two veterans of World War Two on our membership list. The first was taken into the Post early in January 1943 and the second more recently."

REMEMBER ST. PATRICK'S

The March meeting of the Sunshine Club held last Friday at the home of Mrs. Flossie Jones was a St. Patrick's Day party. There were gifts for the hostess and Sunshine sisters. The Club members are planning the making of a quilt and ask those in attendance at the April meeting, which will be held with Mrs. Henton on North Main street, to bring designs for pretty new quilts. It's mighty easy eating—and it sure saves ration points! . . . mouth meltingly tender, like all foods baked with Pillsbury's Best—but it's full-bodied, satisfying . . . high in proteins, too!

PILLSBURY'S APPETIZING APPLE TEA RING

Makes 1 large ring TIME: about 30 minutes

TEMPERATURE: 375° F.
• 3 tablespoons sugar
• 1/2 teaspoon salt
• 1/2 cup milk, scalded
• 1 cake compressed yeast
• 1 egg, well beaten

• 2 1/4 cups sifted PILLSBURY'S BEST Enriched Flour
• Melted butter
• 1 teaspoon cinnamon
• 1/2 cup chopped walnuts (or nuts)
• 1 cup dried apples

1. Add sugar, salt, and shortening to milk; cool to lukewarm.
2. Soften yeast in small amount of lukewarm milk. Add to milk mixture. Add egg.
3. Sift flour once and measure. Add to yeast mixture in about two portions, mixing well to make a soft dough.
4. Knead on floured surface until dough is smooth.
5. Place in greased bowl. Cover and allow to rise in a warm place (80° to 85° F.) until double in bulk (about 1 1/2 hours).
6. Roll out into a rectangle (about 12 x 10 inches). Brush with melted butter.
7. Combine last four ingredients; spread over dough.

NOTE: If desired, omit sugar in dough, add 2 tablespoons light corn syrup; increase salt to one teaspoon. Pillsbury's Apple Tea Ring is the answer to a dozen "what to serve" questions. And if you can make Apple Tea Ring (and anyone can) you can also bake good bread at home. It's the "tender blend" in Pillsbury's Best that makes all your baking not only full-bodied and satisfying, but unusually tender. The sturdy elasticity in Pillsbury's Best comes from certain types of choice wheat, the delicate tenderness from others. By the scientific balancing of one type with another, we get the "tender blend" of wheats that distinguishes Pillsbury's Best.

Pillsbury's Best Enriched Flour

HINTS ON WARTIME BAKING—Make use, these days, of wholesome, home-baked foods to help keep your meals nutritious and satisfying. When you bake with white flour, enriched as your government recommends, you add vitamin B₁, niacin, and iron to your family's meals. These nutrients are especially necessary in war time—for red blood, sound nerves, hearty appetites, and the ability to thrive on the hard work the times demand. Home-baked foods supply lots of food-energy, and, when made with enriched white flour and milk, are a source of vital proteins. Enriched white flour is plentiful—put it to good use!

First "E" award in milling industry to Pillsbury's Springfield, Ill., Mill

REMEMBER . . . Pillsbury's Best requires no ration points!

Your Ration Guide

March 30, 1943

MEATS—Rationing of meat and meat variety items, such as sausage, hot dogs and soups, and canned or glassed fish, began March 29. Red stamps in Ration Book No. 2 will be used. Red A stamps are valid beginning this week, 2 stamps beginning April 4, C stamps beginning April 11, and D stamps beginning April 18. All these stamps will then be valid until April 30. E stamps become valid April 25 for a period yet unspecified.

BUTTER AND FATS—Including cheese, margarine, lard, shortening and cooking salads and oils, available March 29 on Ration Book No. 2, with same stamps valid for meat products.

CANNED GOODS—Blue A, B and C stamps for processed fruits and vegetables not valid after Wednesday, March 31. Blue D, E, and F coupons good beginning Thursday, February 25, and through April 30. Changes in ration point values for some foods in this category noted in revised ration point table on this page today.

SHOES—Stamp No. 17 in War Ration Book No. 1 is good for one pair of shoes until midnight June 15. Books may be interchanged among family members living in the same household. Under a new amendment, effective Thursday, February 25, ski and skate shoes, locker sandals, bathing slippers, and the majority of so-called "play shoes," and children's shoes under size 4 are rationed. Ration-board purchase certificates must be used when buying men's rubber boots and rubber work shoes of the "Victory" brand.

SUGAR—Stamp No. 12 in War Ration Book No. 2 good for five pounds until the end of May.

COFFEE—Coffee may be purchased only by individuals whose age is listed as 14 or over in War Ration Book No. 1. Local boards have no authority to change the age in Ration Book No. 1, regardless of the fact that a child has become 14 since the original registration. Stamp No. 26 in this book is good for one pound of coffee until midnight April 25.

GASOLINE—No. 5 A coupons for three gallons each until midnight, July 21, B and C coupons, three gallons each for period specified by ration board; T coupons, five gallons each. There is no ban on pleasure driving.

FUEL OIL—No. 4 coupons now valid, good through April 12. Values: Class 1 (residential) period 4, 8 gallons. Class 2 (apartment houses, commercial, other large users), period 4, 8 gallons. Period 5 coupons are now valid and will expire September 30, 1943—Class 1 coupons good for 10 gallons; Class II coupons good for 100 gallons.

TIRES—For A motorists—First tire inspection period ends at midnight, March 31. Subsequent inspections, every six months. For B motorists—Second tire inspection period ends at midnight, June 30. However, no such inspection valid unless at least 60 days have expired since the previous one. For C motorists—Second tire inspection period ends midnight, May 31. However, no such inspection valid unless at least 45 days have passed since the previous one. For trucks—Inspection every 60 days or 5,000 miles.

RED SOX ARE CONFIDENT OF GOOD SEASON

By JUDSON BAILEY
Medford, Mass., April 1—(P)—The Boston Red Sox could win the pennant for optimism in any baseball league.
They have been hit harder by the war than any other club in the majors, yet they figure they are a cinch to finish at least second in the American League again this year.
Since the 1942 season closed the Red Soxers have lost their entire first string outfield—Ted Williams, Dominic DiMaggio and Lou Finney; the rookie shortstop sensation of the season, Johnny Pesky, and a pair of pitchers who combined to win 20 games, Bill Butland and Broadway Charles Wagner.
That should be sufficient to stagger any aggregation, but it has only served to make the Bostonians back with new determination.

The Red Sox were the first team to announce that they were going to train at home this spring, and the decision was supported superbly by the players, who reported an incredibly good shape for the curtailed conditioning program. The result is that the team is in fine fettle for its first exhibition game, day after tomorrow, with the Brooklyn Dodgers in Brooklyn.
Observers here are inclined to overlook Boston's very serious outfield situation while waxing enthusiastic about the club's dozen pitchers, the fact that the catching staff is stronger than last year and the probability that the infield will be one of the most presentable in the circuit.

The question that everyone here is sidestepping is the outfield. Aging Pete Fox, who was hitting for a considerable part of the 1942 campaign and played in only 77 games, is the one certain regular. A Simmons, even more aging (almost 40 years old in the record books), is making a valiant effort to get into playing shape, but it is hardly conceivable that he can do more than pinchhit and make a few occasional historical appearances in the outfield. In fact, he and Fox between them may not be able to total 154 games.

Soccer? No, Basketball

Toledo's Bob Bolyard appears to be using headwork in soccer to prevent ball from falling into hands of Hy Kotkin, but it's basketball, and Brooklyn St. Johns wins National Invitation Tournament by overwhelming Rockets, 47-27, before 18,233 persons at Madison Square Garden.

Conga Line

At Lucas, 12, of Fordham, clutches ball while leading what seems to be a Conga line—one, two, three, kick—as Brooklyn St. Johns wins, 69-43, to eliminate Bronx team from National invitation at Madison Square Garden. Referee Pat Kennedy is about to call a halt—or change of step.

BASKETBALL SEASON WILL END TONIGHT

New York, April 1—(P)—They'll play a game of cowboys and Indians at Madison Square Garden tonight to wind up the basketball season and collect about \$26,000 for the Red Cross.
The game, of course, pits the Wyoming Cowboys, winners of the national collegiate A. A. tournament against the red men of St. John's University in Brooklyn, victors in the national invitation tournament, and it should settle for the present, any controversy concerning the merits of these two teams, both of which ended in the Garden this week.
The runners-up in the two events, Georgetown and Toledo University, will clash in the first half of the charity doubleheader which is expected to attract some 18,000 spectators.

STATE CHAMP IS DEFEATED FIRST TIME

Philadelphia, April 1—(P)—The winning streak of Lower Merion High School, three-time PIAA basketball champion, has been snapped.
Coach Bill Anderson's stars were defeated, 28-26, last night by Penn Charter, champions of the Philadelphia Interacademic League, in a hard-fought Red Cross benefit game before 7,000 in the Palestra.
It was L. M.'s first defeat in 26 starts and second in 57. It went into an overtime period and a Penn Charter substitute, George Davidson, scored the winning goal.
Lower Merion displayed much, if not all, of the form that enabled it to sweep through Hazleton High in the eastern regional PIAA semi-finals and whip Farrell in the finals to become the first team in history to win three straight state titles.
It lost the lead early and the score was 16-8 at half time, but rallied strongly in the third quarter. Capt. Greer Heindel scored eight points to take individual honors.
Nevertheless in the extra period the state champions held the ball for a total of two minutes and five seconds, and yet failed to score. Don Evans, a Lower Merion scoring ace, was shut out.
Roman Catholic beat West Philadelphia, 26-24, in another benefit game. The winners meet Saturday night.

In a special match on the Oil City slides last night, the team of Warren men copped a win from the Oilers with Pete Juliano nailing up 616 for the locals. Dick Check aided the winners with 600 even and the pride of Warren's Kegling set came out ahead by 23 pins. Zelinski of Oil City gave the Warren team something to shoot at when he clipped 704 on 256, 253 and 195.

Mixed Doubles League

Fred Burgeson and Evelyn Armstrong stayed ahead of the mixed doubles field in the last four games of the tourney at the Penn alleys last night and copped first money with a total of 4741, for sixteen games, including a handicap of 1132.
In second place were Mr. and Mrs. Jim Cruickshank with 4634, including a 952 handicap. Mr. and Mrs. Jim Thomas fired 4578 for third money, and Mr. and Mrs.

Bert Ryberg were fourth with 4571.
A mixed doubles competition of some kind may be started again next Wednesday at the Penn alleys. The bowlers are asked to name the type of tourney they prefer, and Pete Juliano will arrange the details.
Individual scoring was low for the evening with the exception of Mrs. Red Walsh who fired 561, including a final game of 226. Bert Ryberg's 559 was the men's best.

AT THE ARCADE

United Cigars nabbed four from the Walkers on the Arcade slides last night as the Junior City League moved into its final days of activity, by virtue of a forfeit. The Blue and White cracked 2413 to get three points from the Georges in a close match with Duane Obert smacking 511 for the winners and Cal Lawson breaking the tape with 531. Bob Weidert had the only 200 game with 205.

AT THE ELKS

"Who's Gona Do It" is the clamoring at the Elks with the general public not giving a darn, and practically every Elks member in there praying for a taker over the genial members of the leading Times-Mirror outfit.
They're still leading with a 3077 total and although the Simonsens had every opportunity to nab it last night they fell down after Warren Miller slumped in the last game and they came within 57 pins which is about as close as anybody will come.
Cully Patchen of the Penn Furnace came into a 647 match, but his team let him down and they only came out with 2990.
Warren Miller nipped 610 for the Simonsens. W. Homan made 637 for high for the Style Shop.

Country Club Activities Will Be Curtailed

By CLUB CORRESPONDENT
The various committee chairmen of the Coneywango Valley Country Club are already drawing up plans for the season, with a view to making the activities conform to wartime restrictions.
Because the club has been a community institution for more than a quarter of a century and in view of the limited opportunities for recreation during the war, it was the consensus of the membership that it should be kept a going concern. In addition, should the clubhouse and grounds be allowed to deteriorate, a large sum of money would be necessary to reorganize and rebuild after the war.
New and lower rates will obtain this season. Active membership for both men and women has been slashed more than 50%, to \$10.00, while full golf memberships are available at an additional \$20.00. These charges do not include the federal tax.
While activities will be curtailed to some extent, a full program of golf for both men and women is being planned. It is also planned to make some social activities available.
Many of the more ardent links-men have already organized share-the-ride clubs, which will permit their playing golf over the weekends, at least; and weekend tournaments will doubtless find a good share of the golfers participating.
Horace A. Cray, chairman of the greens committee, reported at Monday evening's meeting of the board of directors that last summer's rains, which cut down 1942 golf considerably, were a boon to the course which is now in the finest condition in many years. Preliminary work on the greens and fairways is expected to start shortly.
Officers and directors of the country club for 1943 are as follows: J. W. A. Luce, president; A. M. Michell, vice-president; Helen Branch, secretary; Leon Laskaris, treasurer; Horace A. Cray, chairman of the greens committee; Mrs. Edward Walker, chairman of the house committee; Mrs. William E. Rice, chairman of the entertainment committee; William E. Rice, chairman of men's golf committee; R. J. Reed and F. W. Walte, directors.

Sports Roundup

By HUGH FULLERTON, JR.
New York, April 1—(P)—Although the National AAU swimming championships this weekend are packed full of record-breakers, about the only chance of busting a record will be in the opening event on some program... Reason is that the New York AC pool is a bit too narrow to be called "fast"... Coaches say the same races at Yale would produce times one-fifth or two-fifths of a second faster... But there's always a possibility right at the start before the boys have kicked up the annoying wash that slows them down... Lew Diamond, the honest brakeman, says that only a few bucks stand in the way of closing a Jackie Calura-Lulu Costantino non-title fight for New Orleans late in April... The dickerer involves taking ten per cent "off the top" to buy boxing equipment for service men.

TODAY'S GUEST STAR—John Mooney, Salt Lake Telegram: "Anyway, the rookie crop which blooms so nicely in the grapefruit loop, ripens so nicely the first weeks of the season and the neither pots or drops from the limb about mid-season, may be retarded enough by the Northland's cold to insure a better yield this fall in the major league apple orchard."

THE IOWA SYSTEM—Football coaches likely will be keeping a close watch on spring football practice at the Iowa Pre-Flight School—and not with the idea of picking up a couple of good running guards... The school will put a dozen squadrons in the field and Lieut. Col. Bernie Bierman plans to give half of them offenses patterned after his own Minnesota system and to teach the other six "T" formation plays... They'll wind up a round-robin schedule with an all-star game between the two groups.

ONE-MINUTE SPORTS PAGE—Having won practically everything else in sight, Greg Rice likely will get the New York track writers' award as the outstanding performer of the winter season for the third time in four years... Eric Tipton, the old Duke footballer who is No. 1 candidate for the Cincinnati Reds' left field job, still is trying to get into some branch of the armed forces, although he has been turned down by all of them because of a perforated eardrum... Nat Holman calls John Mikan, the big boy from De Paul, the greatest basketball center he ever has seen in Madison Square Garden... Heavyweight Tami Mauriello, turned down by the army, has taken a job in a Long Island aircraft factory and plans to do his fighting on the side.

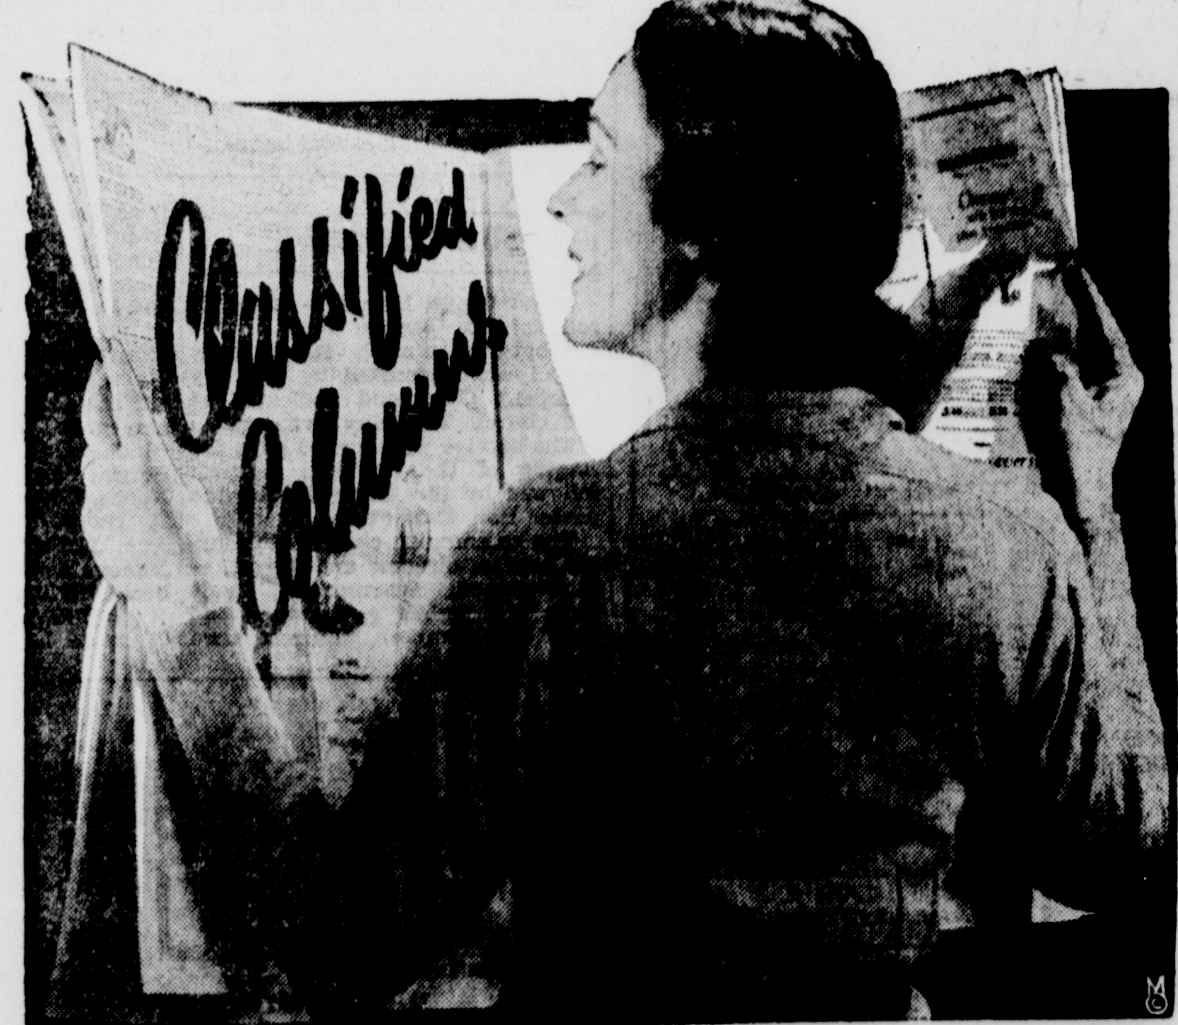

Navy Offers Places to Men Of Many Ages

Chief Petty Officer Edward C. White, in charge of local recruiting operations for the U. S. Navy, reports that men between the ages of 18 and 38 years who possess special qualifications may once again volunteer for induction into the Navy Construction Battalion and eventually receive petty officer ratings.
Men who are qualified as machinists, carpenters, blacksmiths, riggers, electricians or any allied mechanical trade may now enlist in the Seabees, providing they also meet the physical requirements. Their pay will range from \$54 to \$126 per month, plus allowances.
Men from 38 to 50½ years, who are skilled in a trade, may enlist in the Seabees with a rating commensurate with their civilian trade or skill, according to the officer.
Further information on either of these age groups may be had from the recruiter when he comes to Warren each Wednesday and Thursday, with offices in the VFW building in Pennsylvania avenue west.

Chapter 27

THE moon was low but still shedding a silver path across the water as Landa and Jim went over the side of the Sea Bat and stepped into the dinghy. As the boat slipped along Jim faced Landa in the stern and said, "All I hope is that if Hansen did have anything to do with this job he hasn't made a getaway."

"I doubt it," Landa said softly, glancing closely at her wristwatch. "It's only ten minutes of two now and knowing Uncle Mike and his guests he would be insulted if guests started leaving before sun-up."

Jim gave a final powerful tug on the oars and shot the boat well up on the sandy beach. A few feet away rested the small launch that Hansen had rented on the mainland. Jim took a wrench and strode across to it. With one quick movement he lifted the spark plug from the single cylinder engine and dropped it into his pocket.

Then he went back to his own boat and threw a heavy chain around his pair of oars and snapped shut a padlock.

"Hansen might get some fancy notions about leaving suddenly before I have a chance to talk to him. The only way he can leave this island now is by swimming."

Jim and Landa had gone only a few paces up the jungle path when they heard footsteps hurrying toward them. They froze in their tracks and listened. Hansen, his hair blowing wildly about his face, almost ran headlong into them.

"Well—what's the big hurry?" Jim said with heavy sarcasm, blocking the path.

HANSEN's hand flashed from his pocket. An automatic gleamed in it.

"Don't make any more of a fool of yourself than you already have, Blair," Hansen snarled. "Get out of my way!"

"First I'd like to have a little chat with you about my boat."

Hansen gave a snort of humorless laughter. "Maybe the next time you're sent on a responsible job you won't be so glib."

"You're right," Jim said in slow fury. "You've taught me a lot."

For a sick instant, Landa thought he was going to jump into the fire of Hansen's gun. She grabbed his arm and pulled him aside.

Hansen edged around them and began backing toward the beach. "Get going—get going—get going," he said in a hard, low voice, "for that old Irish friend of yours will be cracking eardrums at a funeral instead of a wedding."

LIGHTS and music greeted Landa and Jim as they hurried into the castle. O'Shannesey and Don were having a drink in the library.

"What's happened to you two?" Don cried at sight of them. "You look like you'd seen a ghost."

"Worse than that," Jim shut the door. "Your friend, Hansen, happens to be a Nazi agent. His gang have sabotaged some of our diving equipment, stolen valuable films and papers, and almost dynamited the sub."

Don was staring at him incredulously.

jously, O'Shannesey with resentful fury.

"Hansen!" Don echoed in slow amazement. "Then he isn't a papaya buyer!" His gaze turned hotly accusing on his father. Without waiting for the old man's alibi, he whirled back to Jim. "Where's Hansen now?"

"Hiding someplace on the island," Jim said. "He has no boat to get away in." He slid the spark plug from his pocket to show Don.

"Well, what are we waiting for?" Don cried. "Let's get him!"

As he leaped to his feet, O'Shannesey's sharp voice stopped him. "Don't be a fool, son! Hansen didn't have anything to do with this. He's been right here at the party all evening. He's my guest, and I won't have him hunted down like a beast!"

"But, father! Blair said he's a—"

"Blair's just excited," O'Shannesey fixed Don with a significant look and added slowly, "If you join in this barbarous hunt, you will—regret—it."

For an instant Don wavered, then slowly his spirit dimmed before his father's threat. Jim, after a swift glance of disgust, went to the gun rack in the corner of the room and picked out two six-shooters. "I'll return these," he said shortly, and, whirling, left the room.

Landa felt tears of disappointment sting her eyes as she looked at Don.

"Hansen's desperate," she said. "He threatened us with a gun not over ten minutes ago. You wouldn't stand there and let Jim fight him alone? He has a gang somewhere near, they might come to help him!"

Don's eyes didn't meet her steady stare. They shifted toward his father. He didn't utter a word.

"Uncle Mike! You must make him go!" Landa said hysterically. Then, as she saw O'Shannesey's face had turned to stone, all her pent-up tension broke and she cried wildly, "Oh! you coward! You weakling! I hate you!" Then she ran sobbing from the room.

O'SHANNESEY turned toward his son. "Can't you see that girl's in love with Jim Blair?" he said heavily. "If you'd helped me when I was trying to get rid of Blair we could have avoided all this."

"I guess Landa's right," Don said gloomily. "I have been a fool."

"You're worse than a fool—you're a disgrace to the name of O'Shannesey," the father roared. "You can't be a son of mine!"

Don's white face was twitching in nervous agitation as he dropped into a chair with an air of resignation to an inevitable pattern of fate.

His father glowered at him in bitter disgust. "What are you going to do about it?" he said harshly. "I guess it's too late to do anything now."

"Too late!" O'Shannesey cried. "If you've got a drop of red blood in you you'll still get the girl!"

"How?"

A quick sardonic smile twisted the old man's lips into a bitter line.

"When there are three men in a jungle each armed with a gun who is to say who shot who?"

SUGAR GROVE

Sugar Grove, Mar. 27—An honor roll for the service men of the Presbyterian church and Sunday school was presented by the Try Company Class and dedicated at the church Thursday evening.

The service was opened with the singing of the National Anthem followed by the invocation by the pastor Rev. Carl Perrin.

The community choir, with Harold Landin, director and Miss Doris Engstrom, accompanist, made their first public appearance and sang two numbers. "Fairness Lord

Jesus," and "Now the Day is Over." This choir is an organization composed of members of the communities of Chandlers Valley and Sugar Grove. The roll of honor was presented by Mrs. Scott Stuart, with Mrs. D. H. Haggerty giving the response.

Mrs. J. A. McIntosh, read the names of the men on the roll, which bears the names of Stuart Perrin, Ralph Loomis, Maxwell Nobbs, Leighton Thorpe, James R. Thorpe, Ralph Trevor Thorpe, John J. Thorpe, Horton R. Frank, James N. Frank, Robert S. Williams, William Hayhow, William R. Miller, Norman W. Abbott, Clarence L. Duell, Stuart L. An-

MEN IN THE SERVICE
Mr. and Mrs. Ernest McCurdy, Frank street, had word from their son, Arden McCurdy, chief pharmacist's mate, that he has been transferred from the Solomon Islands to New Zealand. This is the first word had from him since January and he reports his new location a delightful country. He writes, also, that boxes of candy, gum and toilet articles are received regularly from the Red Cross in Australia and are greatly appreciated.

IMPETUS to the congressional move came with the adoption of anti-fourth term resolutions by Republican-controlled state legislatures in Iowa, Illinois, Indiana, and Michigan.

Republican National Chairman Harrison Spangler said the action in these states represented a spontaneous movement which apparently started too late to accomplish its objective by 1944.

Spangler made this observation as Democratic National Chairman Frank Walker returned from a three weeks' tour of 12 states of the west, midwest and southwest with an impression that his party's chances for 1944 "look very good."

Butler said that in drafting the senate resolution he was moved by the belief that more than two terms could only lead eventually to a break-down in Democratic government.

The Chilean flag consists of two horizontal bars; the lower half red, the upper half white with blue field and white star near mast.

Training Boys In Battling Forest Fires

Training of two teams of Volunteer Forest Fire Fighters from the local High School is going forward in good shape. The boys are enthusiastic about the work and Jay Pees, of the Department of Forests and Waters is giving the instruction.

March 30th, Crew No. 1 was given instruction on the lot at the rear of the old brewery and yesterday Crew No. 2 was given training.

The crews are as follows:
 Crew No. 1—Paul Eaton, leader; Richard P. Davis, Dominick DeMarco, Norman B. Mathews, Warren Johnson, Gail T. Barker, William Stone, Harold J. Traub, Calvin Lawson, Ralph C. McCloskey, Jack Kammerer.

Crew No. 2—Stephen N. Pees, leader; Sherman Hanson, Kenneth Sorenson, Harold Grosch, Robert Hinkle, Donald Sontag, Leonard Lucia, Frederick Shelton, Walter Kitzinger.

Series of 13 Jap Attacks Are Crushed
 (From Page One)

On the Burma front, RAF warplanes blasted railway yards at the Japanese-occupied temple city of Mandalay and set oil fires raging at Bhamo on the Irrawaddy river.

In the southwest Pacific, Gen. Douglas MacArthur's headquarters announced that Allied planes carried out a devastating three-hour assault on the big Japanese base at Salamaua, New Guinea, and also attacked Lae, Timika and Babo.

Direct bomb hits tore a 30-foot hole in the new 150-foot Japanese supply bridge across the Timper river in New Guinea, a communication said, heavily damaging the span which forms a link in the enemy's Wewak-Medang coastal supply road.

Imperial Tokyo headquarters, whose communiques recently have been few and far between, asserted that Japanese planes had sunk a 1,000-ton transport and damaged a 300-ton transport along the Burma coast and destroyed 20 Allied planes between March 25 and 30.

The claims were not confirmed by Allied sources.

Fate of Anti-Sabotage Bill Is Uncertain

that the broad legislation would enable the department to "persecute" innocent citizens, newspaper or even members of congress. To suspect the justice department of any such intentions, the Texas said, "is very bad."

Representative Shafer (R-Mich.) who backed the final action yesterday by raising the point of no return, thus forcing an adjournment, described the legislation as "dangerous" and suggested it be re-committed and rewritten.

Soviets Hurl Back Series of Assaults

rail lines supplying the front from Smolensk.

The Germans continued sharp but not big-scale attacks in narrow sectors along the northern Donets river, and failed to make any crossings or to drive the Russians from the footholds they still had on the western bank, it was declared.

West of Rostov, activity increased as warmer spring weather made the area better for military operations, and Soviet big guns battered the German positions.

Forest Fire Destroys New Plantation

One of the worst forest fires that has broken out in this section this spring was reported yesterday at 11:15 by the Marienville Tower and the dispatcher located at the tower ordered men into action. Cross readings were also given by the Hanley and Sheffield towermen.

In fighting the fire the Allegheny National Forest Rangers used 43 men of whom 23 were conscientious objectors who were engaged in the vicinity in the cutting of chemical wood. Several gas and oil company employees, state wardens, crews and some workers from defense plants were all summoned. The defense workers were kept from their labors for some time, a fact to be regretted.

The fire started at the rear of the Durant City school and it is presumed that some careless smoker was to blame. Investigation however has discounted any possibility that the fire was started by the school children. The Rangers are still at work endeavoring to find who caused the fire. It was not extinguished until after 2 o'clock.

Between 30 and 40 acres were burned over of which three acres were National Forest lands all of which had been planted with seedlings following a fire which burned over the plantation in 1939.

One other grass fire was reported to the Forestry Department and it was promptly extinguished after one acre had been burned over. This was at Watson Farm and the fire was in grass, not in a wood land plot.

TIMES TOPICS

ARE SETTING NETS

Fishermen out of the Port of Erie today made their first haul of fresh fish as the season gets under way. Fishing tugs met considerable ice as they went into the lake waters yesterday to set nets but most of them put out nets and fresh Lake Erie fish should be in the local markets soon.

SOCIAL SCIENCE

Members of Social Science Section, Warren Academy of Sciences, will move their meeting place to the Woman's Club this week because of termination of the Philomel's lease at the Mansion House. The April meeting is scheduled for 8 p. m. Saturday, in charge of R. Pierson Eaton, and with Creed Erickson presenting a paper on "Insurance".

GEESSE IN WRECK

Crates of wild geese and several boxes of baby chicks were given a shaking up in the wreck of the Northern Express Tuesday morning. The geese were consigned to Linesville for release on the waters of Pymatuning Lake. The game commission plans to give impetus to the wild life of that section and is placing many geese and ducks on the waters of Pymatuning Lake.

ONE-DAY HEAT WAVE

Warren enjoyed a one-day heat wave yesterday that caused overcoats to be discarded, windows to be thrown open and citizens to snuffle. The mercury registered 78 on thermometers about the city, the highest reached here in the past ten years, although a mark of 75 was reached in both 1938-39. A drop was noted this morning and the weather man promises still cooler weather tonight but not of a freezing level. Records kept here for the past ten years show that the 8 below zero of March 8 was the coldest in that period, that the earthquake on the 8th was a record, also. Thirteen inches of snow fell this past month as compared to 30 inches a year ago, while this year's total of nine feet is three feet ahead of 1942.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as lively as a Youngster—Now her Backache is better

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Obituary

LT. ELWOOD HIGHHOUSE

Many from Warren and vicinity were in Jamestown Tuesday afternoon to attend the funeral services of Lt. Elwood Highhouse, former local boy killed in a plane crash at LaSalle, Ill., last Friday. Rites were held from the Grace United Brethren church, followed by full military honors. Those who acted as bearers, all uncles, were Lawrence LeBarron, Detroit, Mich.; Jack Slocum and Ray Campbell, Lansing, Mich.; Louis and James Highhouse, Warren; H. T. Moll, Russell. Military escorts of the young pilot were fello officers from his squadron at Romulus, Mich.: Lt. Matson, formerly of Jamestown; Lt. Bentley, formerly of Dunkirk, and Lt. McLevitch.

Among those attending the services were Mr. and Mrs. Theodore LeBarron, Wheeling, W. Va.; Mr. and Mrs. Lawrence LeBarron, Detroit; Mr. and Mrs. Jack Slocum, Lansing; Miss Coot, Bristol, Ontario; Mrs. Carl Russell, Philadelphia.

WILLIAM J. DELONG

William J. DeLong, former resident of Russell but living in Frewsburg, N. Y., for the past eleven years, passed away at his home at that place at 5:25 p. m. Wednesday, after an illness of three months. He was born October 15, 1871, at Onondaga, N. Y.

Besides his wife, Cora, he leaves two children, Mrs. Thomas Boyle, North Warren, and William A. DeLong, Wellsville, N. Y.; three grandchildren, Esther, William and Thomas Boyle; a brother, George DeLong, Jamestown, N. Y.; one nephew, Stewart DeLong, Jamestown; two nieces, Mrs. Ethel Derkacz, Jamestown, and Mabel Schreiber, Cleveland, Ohio.

Removal has been made to the Peterson Funeral Home, where friends may call at any time and from where services will be held at two o'clock Saturday afternoon. Dr. J. H. Clemens will officiate and interment will be made in Pine Grove cemetery at Russell.

RICHARD BALDWIN

Friends here have had word that Richard Baldwin, son of Mr. and Mrs. Richard D. Baldwin, of Atlantic City, N. J., died last Friday night in a hospital in that city, following but a few hours illness of spinal meningitis. "Dickie", as he was known to friends, was 11 years of age and, with a brother, Jack, 13, was born in Salamanca, N. Y., while his father was manager of the Woolworth store in Warren and a resident of this city. The Baldwins left Warren about seven years ago. The body was brought to Salamanca, home of both his parents, for interment in Calvary cemetery on Monday morning.

CARD OF THANKS

We wish to thank all friends, relatives and neighbors for their kindness, floral offerings and use of cars at the time of the death of our father.

Family of Orange Kirtz Owens.

50th Birthday N. W. Church To Be Marked

Tentative plans for the observance in 1944 of its golden jubilee anniversary got under way last night at the annual congregational meeting of the North Warren Presbyterian church, according to its pastor, Rev. J. H. Cruickshank. Business of the session included the pastoral report of the past year; also those of officers and organizational heads of the congregation. In addition, the following elections took place:

Trustees, Douglas Ward, Ralph Day and Denzil Murray; stewards, William Wilson, James Johnston and Carl Engle; deacons, Mrs. Fairl Newton and Mrs. Robert Ward; flower committee, Mrs. Hazel Sanden and Mrs. Eva Smith. Mrs. Marie Jewell was re-elected church treasurer.

YOUNGSVILLE NEWS

(From Page Six) meeting luncheon and table decoration carried out very nicely the St. Patrick's Day motive.

LOCALS The dinner meeting at 6 p. m.

Friday April 2 of both the afternoon and evening group of the Woman's Society of Christian Service and families are reminded that this meeting is open to all who come bringing their tureen and table service. Mrs. James Shippe is in charge of the program which will include some other features as well as an address by

Mrs. C. C. Davis of Union City, Erie, Conference president of the WSCS. Members who did not get their mite boxes in at the last mite box opening, please bring them to this meeting. Mrs. Mable Boland and Mrs. Maude Long were guests the first of the week of their mother, Mrs. Ada Rhodes, who is now recovering from a broken arm, at Bradford.

Mr. and Mrs. Ellsworth Shambaugh of Titusville and Mr. and Mrs. M. E. Shambaugh of Corry were Sunday guests of Mrs. Florence Hyde. Ted Husted is spending his spring vacation from Grove City

College with his parents in Youngsville. ONE VOTE DECISION Tucson was selected by a majority of one vote when the people of Arizona Territory voted for a capital city in 1867. Phoenix was chosen much later. Everybody reads the Times-Mirror
